

What Happens at a Pre-Screening

Kristi Piatkowski, CONNECT (Orange, CA)

Kristi: The first part of the pre-screening is there's a presentation that's an overview and kind of what to expect and why you would want to be involved. And then they have a break and at that time people who are like, "No, this isn't for me" can just leave and people who want to stay can stay and then we go through interviews.
